## DCGOA NEWS

### Notes from the May Meeting:

Bob opened the meeting at 6:30PM After the secretary's report and the treasurer's report. A discussion of the results of the banquet. The gross receipts were in line with the past years banquets. As records from the previous years were not available to compare it looks like the profit may be lower. As inflation has affected the cost of everything it has impacted us as well. Brian Godfrey has volunteered to chair next years banquet.

Bob announced he is running for county board commissioner in Wells township.

Bob mentioned his desire to put a float in the Independence Day Parade in Gladstone. Volunteers for decorating the float and a permit to be in the parade is needed.

The purchase of the guns for our 10 gun raffle was discussed.

If we are going to have a youth shoot in September volunteers for the committee are needed.

Mead Rod and Gun Club announced a rifle instructor training class to be held June 10, 11, & 12 Call Dan Phalen 906-241-6803.

**S. 4263** Federal Firearm Licensing Act (Cory Booker D-NJ) Would require a federal license to acquire or receive a firearm. Must apply for a license for each firearm owned and be renewed

## 2A Legislature news cont.

every 5 years. Hidden in this act is the attorney general can deny a license for any reason even disseminating misinformation against the government.

**H.R. 350** Domestic Terrorism Prevention Act of 2022 (Brad Schneider D- IL) Authorizes Homeland Security to have dedicated domestic terrorism offices and trained troops to prevent "hate crimes" These troops must undergo annual anti-bias training. (What if the A.G. decides gun ownership is an act of domestic terrorism? End run around the 2nd amendment?)

**H.R. 7544** Right to sue the maker of any component of a ghost gun. (Richie Torres D-NY) allows any one to sue anyone who makes any part of a ghost gun for any injury or death from the use of a ghost gun)

**S. 4238:** Hadiya Pendleton and Nyasia Pryear-Yard Gun Trafficking and Crime Prevention Act of 2022 (Kirsten Gillibrand D-NY)

**H.R. 7910** "Protecting Our Kids Act," (Nadler D-NY) Raises the age to 21 to purchase a firearm (They'll just have to join the military if they want to shoot semi-automatic weapons oops the military uses FULLY automatic weapons). Bans large capacity magazines, Requires gun owners to lock up their guns at home (Gives the criminals, which the democrats love, an advantage when home invading), Prohibits straw purchases, prohibits untraceable firearms (translation: gun registry), prohibits gun trafficking (already illegal), bump stocks, large capacity magazines, and provide grants for gun buy backs, and much more. It is out of committee. Schumer has blackmailed 10 RINOs to support this, and has passed it in the house. "We have to pass it to see whats in it", Pelosi, promises to fast track it through the Senate.

**H.R. 6950** No Gun Lists Act of 2022 (Paul Gosar R-AZ) Requires the ATF to eliminate content management imaging repository system. Makes it a crime to transfer or sell a gun to a prohibited person

## 2<sup>nd</sup> Amendment news

Canada has gone full communist banning all hand guns. Making them ripe for invasion. All magazines must be limited to 5 rounds. All this based on pseudo science and lies from the Trudeau regime. If any freedom loving American goes to Canada for any reason you are supporting a totalitarian government.

New science: Biden says a 9mm will blow out a lung. (Anyone seen these 9mm lung blow out ammo around??)

Democrats are working on back door ways to nullify the first amendment as they don't want a crisis they created go to waste. The spineless RINO's are caving in to pressure. Also on the chopping block is the 4th amendment as Red flag laws are high on the agenda.

Democrats are pushing hard for an "assault weapons" ban even though true assault weapons are banned or licensed by the ATF already.

Democrats in congress have refused to support any bill that would harden schools against mass murders instead focusing on taking away the civil rights of law abiding Americans.

What you won't see on main stream media or prime time TV: Licretia Hughes Kluken, DC Project Georgia Delegate, "Women for Gun Rights", testified before the House of Representatives against more gun laws that restrict lawful citizens from protecting themselves and their children from deranged predators. She lost her son to a criminal that was not held accountable to previous crimes. She told congress with regards to anti gun laws proposed "We have decades of evidence proving they do not work"

## Editorial

### The Thompson Submachine Gun The Most Effective Portable Fire Arm In Existence

THE ideal weapon for the protection of large estates, ranches, plantations, etc. A combination machine gun and semi-automatic shoulder rifle in the form of a pistol. A compact, tremendously powerful, yet simply operated machine gun weighing only seven pounds and having only thirty parts. Full automatic, fired from the hip, 1,500 shots per minute. Semi-automatic, fired with a stock and fired from the shoulder, 50 shots per minute. Magazines hold 50 and 100 cartridges.

THE Thompson Submachine Gun incorporates the simplicity and infallibility of a hand loaded weapon with the effectiveness of a machine gun. It is simple, safe, sturdy, and sure in action. In addition to its increasingly wide use for protection purposes by banks, industrial plants, railroads, mines, ranches, plantations, etc., it has been adopted by leading Police and Constabulary Forces, throughout the world and is unsurpassed for military purposes.

Yes, before the National Firearms act of 1934, citizens could own a sub-machinegun without licensing or restrictions. What has changed in this country that the government no longer trusts it's citizens? There were no car jackings. High schools sponsored rifle teams. Drive by shootings were rare and caused by organized crime. Organized crime that was helped by the draconian prohibition amendment. Now a piece of plastic that can be attached to a modern sporting rifle (a bump stock) is considered a machine gun by the government.

Now that the International Monetary fund's "Great Reset", or if you prefer "Build Back Better" or "Green New Deal" is being deployed by soaring fuel prices, food prices food shortages, and inflation, they have just 2 years to collapse this country. One of the main obstacles is our constitution and that pesky 2nd amendment. So the leftists must get rid of it. One socialist democrat who is anonymous stated "to repeal the 2nd amendment the American popu-

lace must be emotionally pushed into it. If it takes 1000 children to be murdered by guns we will allow it to occur." Notice in all the recent mass murders the perpetrator had run ins with authorities but was allows to walk. Yet a 70 year old grandmother who attended the Jan 6 rally was tracked down and persecuted. People are banned from social media for posting truths from the CDC. So what if these same social media groups are forwarding the posts from these unstable murderers to the FBI or other alphabet agency, where they are actively engaged to push them to committing atrocities. Look what the FBI did with the half wits that were accused of attempting governor Whitmer's kidnapping. Looks to me like a conspiracy to get their agenda of repealing the 2nd amendment. Why else would the Biden regime refuse to harden schools?

They repeat they do not want to arm school personnel, yet in Israel where they are armed, has not seen any atrocities committed in their schools since it was enacted. The democrats introduced an act to remove federal funding to any school that funded a police officer in the school.

(see "[Counseling Not Criminalization in Schools Act](#)" by Senator Chris Murphy)

The Parkland murderer was known for years by the police as a threat. FBI was warned about the Boston bombers by the Russians but did nothing. The Waukesha Christmas SUV attack was known by police for running over his girl friend weeks before, and was out on bond. The democrats solution? Defund the police, disarm law abiding citizens, and no cash bail.

Chicago has prohibited it's law abiding citizens from self protection by gun ownership for years. The result: 50 to 70 shootings by criminals (who, for those democrats reading this, do not obey the law.) with no way for the innocent citizens to protect themselves, as the police are defunded.

Democrats are ridiculing the idea of a good guy with a gun taking out the bad guy, yet they hire armed security to carry guns to protect them. Just like they ridicule walls to protect our boarder yet hide behind walls at the capital and their homes.

Now they want a nation wide universal gun registration. They are mentally deranged if they think criminals will register their guns. Gun control will only allow crime to flourish. Both every day crime as well as governmental crime. We need "common sense" crime control, both inside and outside our government.

**Is Your Wife Helpless— or Dangerous—**

in these times when *more idlers* make more *brutes* and more *thugs*?

**THE SAVAGE AUTOMATIC**

AIMS EASY AS POINTING YOUR FINGER

10 Shots Quick

These times make more idlers. More idlers mean more brutes and thugs. Brutes and thugs break your house; shock your wife into permanent hysteria and mark your children with a horrible fear for life. Give your wife the solid assurance of a Savage Protector that she knows she can aim as easy as pointing her finger. That shoots lightning quick at each revolve of her finger. That checks the vicious degenerate and heartless criminal. Fathers, it is your serious duty in these times to arm your home by day and by night with a Savage Automatic—the one arm which every brute and thug fears. They fear its ten lightning shots vs. the 6 or 8 of other makes; they fear the service's power to aim it as easy as pointing your finger. Therefore take pains that you get the Savage—the one the brutes and thugs fear. As harmless as a kitten around the house, because it is the only automatic that tells by a glance or touch whether loaded or empty. Take home a Savage today. Or at least send to us for information.
