**Notes from the October Meeting:** Bob opened the meeting at 6:38, after the pledge to the flag, Larry read the minutes from the September meeting which was approved, Rich gave the treasurers report it was approved. Bob updated on the status of starting a Political Action Committee locally to influence local elections like county board, school boards etc. Bob reported the resolution to be brought before the county board to limit the mandating of masks and vaccines will have it's language revised and re-submitter to the board. Several health professionals presented at this board meeting about the overcrowding in the hospital. When pressed no numbers could be given that made sense. Bob and Paul reported on the 2nd amendment march in Lansing. An update on the new membership card printer was given. This is a work in progress as the database must be built for the membership list. The Jim Groos Scholarship is moving forward. the next step is to create an application and a list of questions for the applicants. Volunteers to help with this would be appreciated.

Under new business Bob thanked all the members who stepped up and volunteered for the various club duties such as manning the booths at the gun shows, state fair, youth shoot, banquet, book keeping etc. Stand Up Michigan was brought up as a group that is aligned with our values, and our membership may be interested in starting a Delta County chapter. ## 2A Legislature news

### STATE legislature:

**H.B 5364 5367** Amends The Code of Criminal procedure Rep. LaFave, Markkenen, Maddock. These bills would remove the penalty of carrying a pistol concealed from a felony, remove the requirement that a person obtain a license to carry concealed and allow those that do obtain a CPL to carry in areas now designated as gun free zones.

### Federal:

**HR 1004** Firearm Risk Protection Act Rep. Carolyn Maloney (D-NY) Would require all gun owners to have insurance to cover losses from the use of the firearm while it is owned by the purchaser under a penalty of \$10,000.

What is not clear in this bill is if the owner is liable if the gun is stolen and used illegally.

**H.R. 4953** Sponsor Rep, Ted Deutch (FL-D): National Firearms Amendments Act of 2021. Amends the NFA to ban any semi-automatic Rifle that has a detachable magazine. **IN COMMITTEE**

**H.R. 3740** Handgun Licensing and registration Act of 2021 Rep. Bonnie Watson Coleman (D-NJ) Requires ALL handguns in the United States to be licensed. **IN COMMITTEE**

## 2<sup>nd</sup> Amendment news

**4th circuit court rules** the ban of the right of 18 to 20 year age group to purchase a handgun is unconstitutional. Judge Julius N. Richardson stated in his ruling "*The irony does not escape us that under the governments reasoning, the same 18 to 20 year old men and women we depend on to protect us in the armed forces and who since our founding fathers been trusted with the most sophisticated weaponry should nonetheless be prevented from purchasing a handgun from a federally licensed dealer for their own protection.*"

The law states all law abiding citizens are adults at the age of 18. The 14th amendment prohibits any state from abridging the rights of a citizen.

The Second Amendment Foundation is bringing lawsuits in several states that deny the 2nd amendment to 18 to 20 year olds.

**Fake and/or Unreported News Dept.** The main stream media is quick to report on every misuse of firearms, while ignoring reports of lawful self defense use of firearms. They will run stories about good Samaritans saving people from crashed cars, burning buildings etc. but totally ignore any story where a good guy with a gun saves someone or himself.

McLaughlin poll reports over 72% of Americans support the right to keep and bear arms, and that the 2nd amendment is one of the most important rights. Over 58% of those polled believe any new gun control laws must be through congress and not by presidential edict.

**Crank up your 3D printers:** The 9th U.S. District Court of Appeals vacated an injunction obtained by 22 state attorneys against Defense Distributed. This will allow the posting of data relating to 3-D printing of firearms on the internet.

**If you can't treat the disease treat the symptom:** Chicago can't stop the shootings (they tried banning honest citizens from defending themselves by owning a gun) so they will install "bleeding control kits" in 269 city owned buildings. The program is called "Safe Chicago".

**The Supreme Court case of New York State Rifle & Pistol Asso. v. Bruen** will hear oral arguments on Nov. 3rd. This law prohibits carrying a firearm outside the home. A 35 page brief filed by the Black Attorneys of Legal Aid and other public defender organizations argue the NY law unconstitutional and racist. However a progressive U of California law professor questions if the 2nd amendment extends outside of the home. (*I find it unbelievable that a supposed expert on law and the constitution does not understand "inalienable" nor understand "shall not be infringed". ~ed*)

**Bye Bye Socialists hello freedom:** Another firearms manufacturer, Henry Repeating Arms, leaves the anti-gun state of New Jersey for a new 84,000 sq. ft facility in Ladysmith Wi. Welcome to flyover country Henry.

**Cancel the Anti-Gun businesses:** As the Biden regime is pushing ESG scores for corporations (Equity, Social Justice, Governmental) to penalize any business that does not support the woke, great reset agenda, constitutional conservatives should avoid these companies: Chipolte, Shake Shack, Panera, Burger King, Subway, Door Dash, Levi Strauss, the Gap, Gucci and Costco. Don't watch CNN, MTV, NBC, HBO, MSNBC, Showtime. Don't use Tinder, Telp, eBay, Pinterest. Even Comcast and Microsoft sends money to anti-2nd amendment groups to negate your civil rights of the second amendment.

**Gun Owners of America** Sponsored an event held by Rick Ector's Legally Armed in Detroit which is seeking to train 4000 women in the use of firearms in one week end. You go Rick!

## Editorial

The bill of rights enumerates the God given rights that the government can not abridge. Our founders were fighting the tyranny of an unresponsive monarchy. Today's tyrants are the democratic-socialists that do not believe the individual has rights given to them from God. They believe all rights are given to the individual by the government. Our founding fathers knew that only a well armed citizenry could effectively resist tyranny. The Biden regime is ignoring the bill of rights which would make them traitors as they gave an oath to uphold the constitution. If you believe, as our founders did, that the government has no power but what the people give it, it is obvious the democratic-socialists are traitors. As these traitors infiltrate the executive, legislative and judicial branches of government, it is more and more difficult to hold these traitors accountable. This is why the 2nd amendment was included in the bill of rights.

Tyranny like monitoring your bank account for any withdrawal over \$600, forcing everyone to get a DNA modification injection which is still classified as experimental, forcing mask mandates with no science to back up the efficacy, pushing for more restrictions on the 2nd amendment, having the FBI investigate parents exercising their 1st amendment rights at school board meetings, and much more.

Well it's been over a month since Texas passed permit-less carry. Yet no blood is flowing in the streets of Houston where the Mayor predicted massive shootings by untrained citizens. Dallas police chief stated only concealed carry should be allowed. Alluding to the fact that if a citizen removes a cloth covering of their firearm they immediately become a crazed killer. Must have magic shirts in Dallas. Austin police chief wants all citizens to be disarmed as crime is at historic levels in the Austin. Definitely a case of Anosognosia in Austin.....but then again the city's motto is "keep Austin weird".

An interesting fact: City police chiefs are appointed by the politicians that run the city therefore will promote the political views of those politicians. BUT sheriffs are elected by the voters and **should** promote the views of those whom elected him or her.

Can anyone explain to me why the bill of rights is null and void when I enter a big box store that has a "no firearms" policy? Can anyone explain to me why the bill of rights 1st amendment, is null and void when I enter a school board meeting and try to express my concerns if it goes against the boards views. Can anyone explain to me why the bill of rights is null and void when I enter a sporting event or other large gathering. Can anyone explain to me why the bill of rights is in full force when someone enters a small retail business and insist he bake a cake that goes against owners religious beliefs and the owners rights are null and void? Can anyone explain to me why does your constitutional right to defend yourself get suspended when you enter a house of worship? If the bill of rights and the constitution, can be suspended in a privately owned business then can not that business own slaves? If the private business cannot discriminate for color or religion why can they discriminate for carrying a gun for self defense? Is the bill of rights only in effect when its convenient for the democrat-socilists?

The constitution was written by our founders that believed in rights that are given to us by God and no government can take them away. But we have allowed the State to infringe on these rights. One of the most onerous denial of these rights is the requirement to get permission to bear arms. By allowing this, it is putting the state above God. Imagine if to speak in public you had to apply to the state for a public speaking permit or to attend church services (1st amendment). Or to vote you have to apply for a voting permit. How about applying for a permit to have a speedy and public trial (6th amendment).

Gun Banners logic: If you deny law abiding citizens the right to bear arms you will stop all criminals from using guns. They believe owning a gun just increases your chance of being shot. *(If you outlaw all drugs you will not have drug addicts ~ed)* Someone with anosognosia isn't simply in denial or being stubborn. Their brain can't process the fact that their thoughts and moods don't reflect reality.

Now you see why the gun grabbers want to blame the gun not the shooter, Alex Baldwin is exonerated for not following the rules for safe gun handling, the Hollywood prop-masters are not guilty of negligence its the gun. So now the Hollywood dims are calling for movies to not have firearms on any set. BUT if you are a law abiding gun owner or an NRA member, you are a murder. Anosognosia again.

If gun control is about safety why don't these anti-gun groups saying they only want safe gun ownership, hold firearm safety courses, like many pro-second amendment groups do? **God Bless and Save America!**

*“The beauty of the Second Amendment is that it will not be needed until they try to take it”*
