

DCGOA OCTOBER 2021 NEWSLETTER

**United
We Stand**

DCGOA MISSION STATEMENT:

To promote the safe and legal ownership and use of firearms as expressed in our inalienable rights under the Second Amendment to the Constitution of the United States of America so that those who are legally permitted to purchase and sell firearms may collect and use firearms for self defense, competitive events, other sporting uses in the community, and for preservation of our constitutional republic.

Also preserving and defending the right to keep and bear arms as guaranteed by the Bill of Rights and Article I, section 6 of Michigan's Constitution: "Every person has a right to keep and bear arms for the defense of himself and the state."

A well-regulated Militia being necessary to the security of a Free State, the right of the people to keep and bear Arms shall not be infringed.

Officers:

President: Bob Petersen (906) 280-4733

Vice President: Paul Cavallaro

Secretary: Larry Johnson

Treasurer: Rich Micheau

Director: Jim Yoder

Savage 93 22WMR
Gforce Pump 12 Gauge
S&W Shield Plus 9mm Pistol
Desert Eagle 1911 45ACP**

**Savage A17 17 HMR
CZ 712 Semi Auto 12 Gauge
S&W SDVE 9mm pistol
Heritage Rough Rider 22LR/22Mag
Springfield Hellcat OSP 9mm**

DCGOA NEWS

Notes from the September Meeting: Bob opened the meeting at 6:41 Larry read the minutes from the board meeting and the August meeting which was approved, Rich gave the treasurers report it was approved. Rich reported we had record year for money collected at the fair. We signed up 29 new members. Bob reported on the advantages of starting a Political Action Committee locally to influence local elections like county board, school boards etc. We will have the Airsoft booth at the Great Lakes Sportsman club Youth Day and need volunteers. Bob reported the resolution to be brought before the county board to limit the mandating of masks and vaccines will be brought up at a future board meeting. Petitions to limit the state health department's mandates to 28 days and then require the state legislature to act to extend it are being circulated. You can find them from DCGOA members and at Old Glory Firearms in Gladstone. Paul gave a report on the status of the web page. The domain name was suspended due to lack of payment. The credit card that the payment was to be debited to had expired. Rich worked with the domain name manager to clear up the issue and renew the names for 3 more years.

Notes From the Second Amendment March in Lansing. DCGOA was represented at the march by Bob Petersen, Larry Johnson and Paul Cavallaro. It was a cool (47degrees) and moist (constant rain) and windy (20 MPH gusts) day. This year was not one for fair weather supporters! I would guess 200 hardy souls attended. Several vendors of accessories and providers of legal protection services had tables under the big tent. Joel was master of ceremonies again. There were many speakers that talked. Great Lakes Gun Rights' (GLGR) Brenden Broudreau mentioned two bills one in the senate and one in the house were introduced for constitutional carry. There were candidates running for governor that also spoke. NO state representatives or senators showed up. It was a Thursday and they don't work past 12 noon as they take off home for the week end. Tom Lambert from Michigan Open Carry spoke. Mary Schuster-Callison spoke on how her sister was brutally attacked and why we need the right to defend ourselves. She is co-chair of 1 million moms **AGAINST** gun control. Rick Ector from Legally armed in Detroit spoke. Mark Walters from Armed American Radio spoke. He is also affiliated with Ammoland News. Doug Giles host of ClashRadio.com spoke of the feminization of our men and boys in this culture. Many more inspiring speakers were there.

2A Legislature news

STATE legislature:

HB 4718: (passed in the house) Amends the law to allow application for a CPL to the county clerk outside the county of residence, unless that clerk does not accept applications from other counties. Previously you could only apply in your county of residence. **In Senate Committee.**

HB 4866: Clarifies carrying a loaded firearm while in areas of wildlife. **In Committee.**

HB 4957 & HB 5187 & HB 5188: Clarifies the emergencies Management act to NOT authorize any of the seizure, taking, or confiscation of lawfully possessed firearms or ammunition nor does it ban the sale or purchase of firearms or ammunition. **In Committee.**

HB5066: Requires any seller of a firearm to deliver a written warning to the purchaser the penalties for failing to store or leave a firearm in a manner required by law. It further defines exactly what the "safe manner" is. It provides punishment for the firearm owner should a minor access the firearm for any reason. If the minor causes injury or death the owner is guilty of a felony. Exemptions are made for farming, employees, parents permission, instruction, and target shooting. If the firearm is secured per this law and is obtained via unlawful entry this law does not apply. An exemption is made for self defense. **In Committee.**

HB 5067: Proposes "The state of Michigan has exempted the sale of firearm safety devices from the sales and use tax imposed by this state through December 31, 2021." **In Committee.**

HB 5271 Sponsored by Rep Bellino (R) modifies the CPL law to allow one to submit the CPL application not only to the county clerk in which one resides but also to a contiguous county or to a county where his business resides.

HB 5312 and SB 0646 Sponsored by Rep Maddock (R), Senator Barrett (R) would change the pistol licensing law to remove the requirement for registering a pistol and require all records be destroyed. This is a step to constitutional carry and removes the pistol transfer of ownership (registration) requirement. Great Lakes Gun Rights and Michigan Open Carry helped get this bill introduced.

Federal:

H.R. 4953 Sponsor Rep, Ted Deutch (FL-D): National Firearms Amendments Act of 2021. Amends the NFA to ban any semi-automatic Rifle that has a detachable magazine. They must be surrendered to the government or registered as if they were fully automatic machine guns with applicable taxes paid.

H.R. 3101 Sponsor Rep. Ashley Hinson (IA-R): RIFLE Act (**Repealing Illegal Freedom and Liberty Exercises Act**) would repeal the \$200 tax on the transfer of short-barreled rifles, shotguns, machine guns, silencers and "destructive devices". This is in the 1934 NFA enacted during FDR's administration.

H.R. 127 Sponsor Rep. Sheila Jackson (TX-D) Sabika Sheikh Firearm Licensing and Registration Act. Requires licensing to possess all firearms and ammunition. Requires all firearms to be registered. Would prohibit certain ammunition. Require all firearms owners to be psychological evaluation. Bans any rifle that looks like a military rifle. Outlaws .50 caliber or larger ammunition. Bans any magazine larger than 10 rounds. Violation will bring a 10 to 20 year sentence.

H.R. 4350 NDAA National Defense Authorization Act funds the military but has provision to allow the confiscation of firearms owned by those in the armed forces. It also has a provision to stop small manufacturers of firearms from exporting their products. Congressman Bergman opposed the red flag provisions and says the Senate will strip it out of the bill. **Passed in the house.**

H.R. 5245 Gun Trafficker Detection Act. Sponsor rep. Casten (D-IL). Requires 48 hours to report a stolen firearm to the attorney general. Penalties range from \$1000 to \$5000.

H.R. 4836 Firearm Owners Responsibility and Safety Act. Sponsor Rep. McEachin (D- Va) requires all firearms to be secured if not in your immediate control.

Violence Against Women Reauthorization Act (VAWA). A centerpiece of the Biden regime's gun control plans. This creates federal grants to confiscate guns giving funds to states that pass red flag laws. It will fund a special enforcement anti-gun police unit to carry out the confiscations. Bad news is that many republicans in the senate are on board to pass this.

2nd Amendment news

2021 National Firearms Survey preliminary results report that since 2019 nearly half of new gun owners during that time were women. 3.5 million women vs 4 million men from April 2019 through April 2021. Hence the need for classes orientated to women.

Ammo Inc. (www.ammoinc.com) announced it is building a new ammunition manufacturing plant in Manitowoc Wisconsin. They will manufacture brass cases, and bullets in house, but will need to source powder and primers. Primers continue to be the bottle neck in the production of ammunition. If the U.S. gets into a shooting war the military will soak up all the components making it harder to find ammo. Stock up now.

Fake News Dept. CNN praises the Communist China on their gun control policies, ignoring the human rights violations in that regime. They praised the low gun crime rate and ignore the government sponsored killings of anyone who opposes the regime (estimated in the thousands). China Central Television hosted Biden's ATF nominee David Chipman where he attacked the 2nd amendment in America. (*Hmmm Chipman forgot to disclose that interview during his nomination hearings...wonder why? Useful Idiot.*)

Why you need to carry dept. The FBI Uniform Crime Report for 2020 indicates that armed private citizens killed more criminals in the act of committing a felony than the police. When second count the police are minutes away and in some cases hours. Armed citizens killed 343 vs 298 for police. You are the first responder when you or your loved ones lives are in imminent danger. Ask any anti-2nd amendment politician why they pay someone else to carry their gun (private security) when they say the police are there to protect you so YOU don't need a gun. Also the FBI statistics released this September, show murders have increased by almost 30%. (caused by "global warming" which in turn increased "white rage" and "toxic masculinity" per the Dems) FBI reports also show 3 times more people were stabbed with knives than all kinds rifles combined. (so much for the scary black modern sporting rifles).

New Diseases Dept. The Center for Disease Control announced gun violence a national emergency. (*I guess wanting to own a gun is a mental disorder. Believing you have the right to defend yourself and you loved ones is a mental disorder.*) They are pushing all gun purchases must be accompanied with a psychological evaluation. They want the local health departments to regulate FFL gun dealers.

Move to Freedom: Finally the gun manufacturers are leaving the north east anti 2nd amendment states. Smith & Wesson announces they are leaving Massachusetts for Tennessee. Others that have made the move to freedom: Kimber from NY to AL, American Tactile from NY to SC, Weatherby from CA to WY, Stag Arms from CT to WY, Kahr from NY to PA. (Maybe these manufacturers could refuse to repair any of these anti-freedom states' public safety firearms. would go well with these states defund the police stance.)

Editorial

> The government which is limited by the constitution is pushing a proxy war on the second amendment. They are using large corporations like Subway, 7-11, Starbucks, etc. to negate the civil rights of law abiding citizens to defend themselves from criminals. These corporations under the guise of being a "private" corporation are claiming they are exempt from the bill of rights and issue rules to their outlets. As such they will not allow concealed carry and will fire any employee that defends themselves. They are getting away with this as the democrat-socialist Soros bought and paid for prosecutors are looking the other way when these civil rights are violated. BUT will indict a small baker who violates some gay liberals civil rights to cake. So civil rights that support the democrat-socialist agenda are the only ones that apply to businesses. Hmmm I guess I missed the amendment giving us the right to cake.

> Texas introduced legislation to prohibit businesses that engage in the practice of discriminating against members of the firearm and ammunition industries from contracting with governmental entities in Texas. What's the chance of this happening in Michigan? Snowballs chance in Hades?

> Now that the socialist democrats have control, the attacks on the 2nd amendment are coming from all sides. Firearms dealers and manufacturers are loosing access to financial services, and social stigmatization. Watching the Hollywood and the lame stream media are brainwashing our youth against hunting and shooting sports. As more states pass concealed laws, the socialist democrats are pressuring big corporations to deny your right to self defense by banning firearms in their establishments.

> Since the Biden regime took over we have seen our gas prices rise sharply, given the Taliban billions of dollars of our weapon technology, given an oil pipeline to Russia, gotten our sons and daughters killed in Afghanistan, created a massive human tragedy on the southern boarder, crime in the large cities is through the roof, inflation is rampant, food prices are rising, taxes are expected to rise to unprecedented levels, unemployment is high again, NATO is falling apart, and our allies are distrusting us.

A progressive group has petitioned the FCC to shut down free speech from any conservative media, asking if they have to kill republicans to get their "freedom" back. Ahh the freedom loving demon-rats are so tolerant of different views.

> Watched the congressional inquiry into the Afghanistan debacle. Heard our defense secretary say it was the most successful screw-up in military history as they converted an airport in Dubai into an international airport in record time.

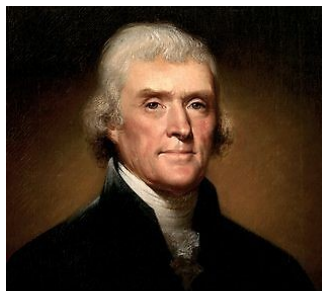

> Finally the gun manufacturers are leaving the north east anti 2nd amendment states. Smith & Wesson announces they are leaving Massachusetts for Tennessee. Others that have made the move to freedom: Kimber from NY to AL, American Tactile from NY to SC, Weatherby from CA to WY, Stag Arms from CT to WY, Kahr from NY to PA.

> Ever notice how many TV show are about victims of violence, and none about legally armed citizens defending themselves and overcoming the criminal? They portray being a victim as noble. There is nothing noble about being a victim, being a survivor might be, ya think?.

It's difficult to win an argument with an intelligent person but impossible to win an argument with a person with a mental disorder, like anosognosia. A real disorder where the person's brain can not process the fact their thoughts and moods do not reflect reality. Explains a lot when discussing the right to keep and bear arms with a liberal. You can tout all the FBI stats or John Lott's stats that prove legal gun ownership does NOT increase crime they will insist that is wrong. Facts don't matter.

> The super bowl has lined up celebrity anti-second amendment entertainers for the half time show.

God Bless and Save America!

"The beauty of the Second Amendment is that it will not be needed until they try to take it."

Thomas Jefferson
